Document name is incorrect
It must be named as FYP-26-S2-41 WBS
Pregnancy App
Need to add volunteer cateogry of users and their functionalities in WBS
Is this the "Specialist" Cateory of users?, if so use Consistent naming.

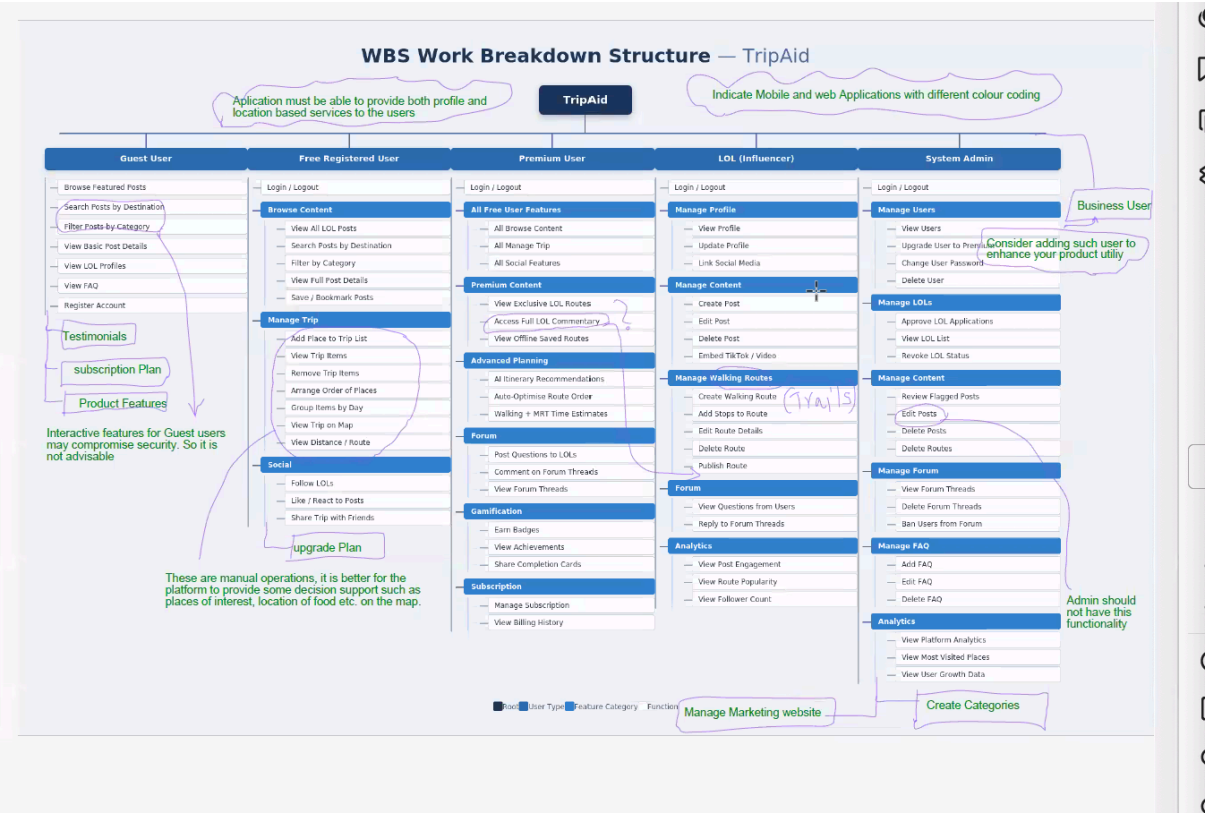
User account cannot be updated by admin
Use consistent naming. This should be done by spcialist
This should part of update profile
Adding interatcive features to un registered user may compromise security. So avoid such functionalties
This function is not required for a guest
How about other functionalities? all functionalities avaiable to Free user must be available to premium user also
Article category, specialist area of expertise, etc must be same
What are the details?, platform only has the profile info provided by the user
Any plan to do fact check?
What is this function for?



WBS Work Breakdown Structure — TripAid
TripAid
Aplication must be able to provide both profile and location based services to the users
Indicate Mobile and web Applications with different colour coding
